ABSENT.

Official Members.

1. Mr. P. S. Atchyuta Rao, Civil Surgeon, Mysore.
2. „ Harry J. Molloy, Executive Engineer.

Non-Official Members.

1. Mr. K. Shamaiengar of Mandya.

1. Read Government Proceedings No. 8269—L. F. 39-99, dated 29th November 1901, relating to the objection taken by Government to the heavy expenditure incurred over the sanctioned allotments in the District Fund budget of the Bangalore Circle for 1900-01.

Resolution.—Recorded.

2. Read docket No. 738, dated 15th September 1901, from the Civil Surgeon, Mysore, regarding the countersignature of a bill for Rs. 18-13-11 being the pay of Tavamaniyamma, permanent midwife of Malvalli, from 1st April to 8th May, during which time she was on privilege leave, her pay sanctioned in the budget for the above period having been disbursed to the acting incumbent who was sent by the Civil Surgeon to act for the said midwife without a requisition from this office.

Resolved that the bill be countersigned and forwarded to the Civil Surgeon and that the District Fund share, *viz.*, half the amount Rs. 9-7-0 may be met from the provision of Rs. 75 provided under IV(3) Medicines and appliances in the current year's District Fund budget; and the remaining half from Municipal Funds, to be provided in the supplemental budget of the Malvalli Municipality, and that the Civil Surgeon be requested not to send midwives in future to act for permanent incumbents without a requisition from this office, to avoid exceeding budget allotments.

3. Read dockets Nos. 1019, 1020 and 1047, dated 16th December 1901, respectively, from the Executive Engineer, French Rocks Division, regarding the provision of Rs. 593 required during the current year for the special repairs of the following roads:—

	Rs
(1) Tumkur-Maddur road	141
(2) Lingaraja Chattra-Kallahalli road	189
(3) Maddur-Koppa railway feeder road	263

Resolved that as the rainy season is over and no provision exists for such special works in the sanctioned budget for the current year, the works be postponed till next year for being carried out from the provision for the annual repairs of District Fund roads.

4. Read statement of budget estimates of receipts and expenditure for the year 1902-03.

5. The estimated opening balance for the year is Rs. 5,825.

6. The receipts are estimated at Rs. 42,681 against Rs. 42,020-14-3, the actuals for the year 1900-01. The slight increase noticeable under 76 per cent of the one-anna cess is due to the corresponding increase of local cess based on the jamabandi figures. The smaller differences in the estimates of other items being of a fluctuating nature, do not call for any explanation. The total receipts, therefore, including opening balance, come to Rs. 48,506.

7. The Executive Engineer did not attend the meeting nor sent in his proposal of expenditure for the year as promised in his docket No. 10, dated 7th January 1902.

A. Public Works to be executed by Public Works Department.

8. *I. Original Works.*—On account of the insufficiency of funds no provision can be made for any such work.

9. *II. Repairs.*—The Board was consulted as to the allotment of funds required for the annual maintenance of the several District Fund roads. For want of funds, some of the members proposed that a reduction be made in the rates of mileage as in the current year, while the majority of them were of opinion that the usual rates should be passed to preserve the roads in good trafficable condition Accordingly the usual provision of Rs. 22,995 has been made. This together with the establishment charges and cost of tools and plant amounting to Rs. 4,024 and Rs. 115, respectively, brings the total expenditure to Rs. 27,134.

B. Public Works to be executed by Revenue Officers.

10. *I. Original Works.*—Malvalli is an important place, being the head-quarters of a taluk. Merchants from Kollegal, who trade in silk, and travellers moving up and down these places find it most convenient to break journey at Malvalli as it is midway between Kollegal and Maddur, but for want of accommodation at Malvalli are obliged to go straight to Maddur or Kollegal at one stretch. The Board in every one of its meetings for the last three years has been proposing to construct a musafirkhana, without avail, as the funds did not permit of the proposal being favorably considered. But as the reductions effected during the current year have enabled the Board to show plus balance against debit balances of previous years, the Board resolved to make a provision of Rs. 3,000 for this very useful work, the want of which has been long felt. Hence the allotment.

11. *II. Repairs.*—In addition to usual allotment an increased provision of Rs. 200 is made for the maintenance of the 4 miles of the completed portion of the Nagamangala-Bindiganavale road, at Rs. 50 a mile, which was sanctioned in Government Proceedings No. 16765-6—L. F. 32-97, dated 22nd June 1898, and Rs. 1,000 is also provided for the construction and repairs of cattle pounds.

12. The total provision therefore under (B) comes to Rs. 5,791 including establishment charges and tools and plant.

13. The usual civil charges amount to Rs. 8,875.

14. Thus the total expenditure under all the items is Rs. 41,800. This deducted from the receipts leaves a balance of Rs. 6,706 at the end of the year.

15. Read Deputy Commissioner's yadi No. 1366—573, dated 27th November 1901, forwarding extract from the subject of the Dasara Representative Assembly regarding the opening of a road from Malvalli to connect the Seringapatam-Sivasamudram road at Purigal.

Resolved that as funds do not permit of this work being undertaken just now, the proposal be reserved for consideration next year.

16. Mr. Srikanta Chetty proposed that a midwife for French Rocks is absolutely necessary in the interest of the public. The other members unanimously supported the proposal.

Resolved therefore that early sanction of Government be obtained therefor. The expenditure may, as usual, be met both from District and Municipal Funds in equal proportions.

17. Read docket No. 748, dated 12th September 1901, from the Executive Engineer, French Rocks Division, regarding the excess expenditure over the sanctioned budget allotments for 1900-01. Read also Government Proceedings No. 9878-81—L. F. 43-99, dated 21st December 1901, sanctioning the excess expenditure of Rs. 554 incurred in the Public Works Department during the same year.

Resolution.—Recorded with the remark that a representation should be made to Government to cause all proposals involving excess expenditure of the Board's money to pass through it before their submission to Government for sanction.

Carried.

4. Proposed by the Vice-President that for the present a portion of the present shandy enclosure should be converted into both daily and weekly markets, the financial position of the Board being such as not to warrant the heavy expenditure of Rs. 21,000 needed for the daily meat and vegetable market according to plan and estimate of the Superintending Engineer, being incurred.

Resolved that this proposal be given a trial and that Rs. 5,000 be set aside towards roofing in the platforms around the shandy enclosure walls so as to convert them into permanent stalls.

5. Read docket No. 11,799—L. F. 17-99, dated the 18th January 1902, from the Revenue and General Secretary requesting to be informed whether the jodi villages included in the Sanitary Board area cannot be excluded from the limits of the Sanitary Circle.

Resolved that the President be left to reply to the above in the negative.

F. E. C. CARR, *President.*
